Dear Parents,

We sincerely thank you for your interest in Providence Christian School, and would very much like to be of assistance to you in this process of seeking a school for your child(ren) which will match the philosophy of education that you desire for your family. Providence seeks to be a Christ-centered school which utilizes a classical model of education. We strive, by God's grace, to be a school that impacts the entire family and encourages each student to follow God's calling in their lives.

In our admission process, we are seeking to identify and enroll families who have a strong understanding and/or desire for the philosophical worldview of a classical and Christian education as they seek to educate their children in the "nurture and admonition of the Lord." A copy of the admission procedures is attached for your consideration.

If you have a student applying for admission, we would encourage you to read your information booklet and begin reading the required book, *The Case for Classical Christian Education* by Douglas Wilson. This book can be obtained through the PCS office and is available through First Presbyterian Preschool, as well.

After submitting your application, and after both parents have completed reading the book, please contact the office to schedule a time for a parent interview when both parents can be in attendance. We ask that you bring a photo of your family to the parent interview. This can just be a small snapshot that you have on hand. The purpose of this interview is to answer any questions you might have, as well as to reinforce the key concepts we feel are necessary in maintaining a God-honoring school.

Following your parent interview, the student screening (you will be contacted in March to schedule a screening), and the receipt of all the necessary forms for your child's file, the application will be submitted to our Admissions Committee for consideration. You will be notified by letter as to whether your child has been accepted for admission at Providence Christian School.

If you have any questions regarding this process, please contact us at 702-8933. Thank you again for your interest and consideration!

In His service,

Emory Latta, Head of School
