"In Christ are hidden all the treasures of wisdom and knowledge"

Fall 2011

Dear PCS Families,

From its inception, Providence Christian School has been proactive in the desire to provide an opportunity for affordable classical and Christian education to the families in our community. One means for providing that opportunity has been through provision of a financial needs-based tuition assistance program. We have a desire to continue that ministry.

Let it first be stated that the purpose of PCS' financial aid is not to make it easy on families that desire to come to Providence. Nor is it a 'handout' that should be avoided if at all possible. Rather, it is a means to provide opportunity for families to come to Providence who otherwise might not be able to attend.

PCS contracts with an independent company that receives the financial information from the families and analyzes that information into a 'need index'. The school in turn uses that index to prioritize requests based on the verification of existing needs. The flexibility, fairness, and discretion of this system helps us better serve the needs of our families.

This process is described in the brochure available in the school office. The school's code is 4621. Once the process is completed, families are notified of their required obligation to the total tuition amount.

Please remember the deadline for submitting financial aid applications is listed on the application for the coming school year.

Sincerely,

A handwritten signature in cursive script that reads 'Emory Latta'.

Emory Latta
Head of School
