

RenWeb Sign-In Information

We are excited to announce that PCS will be communicating with parents via internet through RenWeb beginning August 9, 2010. Parents will be able to view their student's grades, assignments, attendance, behavior reports, and account balances using this tool.

Class lists will not be posted at school this year. *In order to see your student's class assignment on August 9th, parents must log in to RenWeb* following these directions:

1. Go to www.renweb.com
2. Click on the silver Log-in tab on the top far right
3. Enter school ID (PCS-AL), all caps
4. Go to the First Time Users tab on the top right
5. Enter your email address which you have previously provided to PCS
6. Press New Parent Log-in
7. A random password will be emailed to you for your parent account

If you do not receive your parent login password, be sure that www.renweb.com is added to your "safe list". Also check your spam blocker/junk email. If you do not receive a password, please call the school to verify your email address in your school file.

Class assignments will not be accessible until all re-enrollment/registration forms are completed & returned, and outstanding fees are paid in full.
